

SPRAY COMPOUND

Lubricant for open gears and wire ropes

SPRAY COMPOUND is a solvent diluted lubricant for open gears and wire ropes. **SPRAY COMPOUND** is rich in permeability because the viscous lubricant component is diluted with solvent. It does not take any trouble to apply because it is in a spray can. **SPRAY COMPOUND** creates a strong coating film after solvent evaporation.

● SPECIAL FEATURES

1. Easy to coat

The viscous ingredients in **SPRAY COMPOUND** are diluted with a solvent. Since the packing is spray can, **SPRAY COMPOUND** can be easily applied to the lubricating surface.

2. Excellent load-carrying property and anti-wear performance

SPRAY COMPOUND withstands shock load well, protects lubricated parts and prevents wear. This is because a strong adhesive film is formed after solvent evaporation.

3. Excellent rust prevention and corrosion protection

SPRAY COMPOUND is not easily washed off even when it is exposed to water and prevents rusting and corrosion on the coated surface, so prolongs the life of open gears, wire ropes, and so on.

● APPLICATIONS

SPRAY COMPOUND is recommended for use in open gears, chains and wire ropes.

● CONTAINERS

400 ml spray can(6 pieces)

● TYPICAL PROPERTIES OF SPRAY COMPOUND

Appearance	Liquid, Black
Dynamic viscosity(25°C) mPa·s	200

Note: The typical properties are subject to change without notice.

Handling Precautions

▼ Follow these precautions when handling this product.

Composition :	Base Oil(s), Additives, Toluene, Asphalt Fumes (Petroleum), Liquefied petroleum gas
Hazard pictograms:	
Signal word:	Danger
Hazard Statement:	Extremely flammable aerosol, and Pressurized container: may burst if heated. Harmful if inhaled Causes skin irritation Causes eye irritation May damage fertility or the unborn child Causes damage to organs (central nerve system) May cause respiratory irritation ;or May cause drowsiness ordizziness Causes damage to organs (central nerve system,kidney,liver) through prolonged or repeated exposure. Toxic to aquatic life
Precautionary Statements: Prevention	<ul style="list-style-type: none">• Do not handle until all safety precautions have been read and understood.• Wear protective gloves/protective clothing/eye protection/face protection.• Do not allow the eyes to become exposed to the product. Do not swallow the product.• Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.• Avoid release to the environment.• Do not spray on an open flame or other ignition source.• Do not pierce or burn, even after use.• Use only outdoors or in a well-ventilated area.• Obtain special instructions before use.• Do not breathe dust/fume/gas/mist/vapours/spray.• Wash hands thoroughly after handling.• Do not eat, drink or smoke when using this product.
Response	<ul style="list-style-type: none">• IF SWALLOWED: Immediately call a POISON CENTER/doctor.• IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.• If the eyes are exposed to the product: Rinse the eyes with plenty of running water and immediately contact a physician.• IF ON SKIN: Wash with plenty of soap and water.• IF exposed or concerned: Get medical advice/attention.• IF INHALED: Remove person to fresh air and keep comfortable for breathing.• Get medical advice/attention if you feel unwell.• If skin irritation occurs: Get medical advice/attention.• IF IN EYES: Rinse cautiously with water for several minutes.• Remove contact lenses if present and easy to do. Continue rinsing.• If eye irritation persists : Get medical advice/attention.• Take off contaminated clothing and wash it before reuse.
Storage	<ul style="list-style-type: none">• The product must be stored in a cool, well-ventilated location where it will not be exposed to direct sunlight.• Containers that have been opened must be tightly sealed.• Store in a well ventilated place. Keep container tightly closed.• Store locked up.• Protect from sunlight. Do not expose to temperatures exceeding 50°C/122 °F.
Disposal	<ul style="list-style-type: none">• Dispose of contents/container in accordance with local/regional/national/international regulations.• If there are any doubts about proper methods of handling the product, contact the point of purchase before proceeding with usage.
