

Nippon Oil Corporation Group 2009 CSR Report Released

--For Energy Future and Environmental Harmony--

Nippon Oil Corporation (President: Shinji Nishio) is pleased to announce that we have issued the 2009 CSR Report for the Nippon Oil Corporation Group detailing the group's CSR (Corporate Social Responsibility) activities for the period between April 2008 and March 2009.

The report is also available at http://www.eneos.co.jp/english/company/current_csr_report/.

Our CSR reports focuses on important themes (materiality) that are of great interest to stakeholders and that we want to be understood clearly. This year, we selected the following three themes, based on a lot of feedbacks, opinions and proposals from our group members and stakeholders, as well as our group philosophy and the 4th medium-term management plan of the group,:

(1) Helping Prevent Global Warming

– Developing new energy businesses and reducing CO₂ in the supply chain of our petroleum business.

(2) Securing Stable Energy Supplies

– Securing independent development of oil and gas fields and reinforcing partnerships with resource-producing countries.

(3) Supporting the Next Generation

– Creating a maternity friendly work environment in which employees are able to balance work and life matters without anxiety and promoting environmental and energy education for children, our next generation.

In the Top Commitment Corner, Shinji Nishio, Representative Director and President of the company, discusses our group's CSR activities with One Akiyama, President and CEO of Integrex Inc., an SRI* research firm.

*SRI: Socially Responsible Investment: Investments considering the Corporate Social Responsibility of a firm.
