TonenGeneral Sekiyu Kawasaki Refinery Hosts Visit by Elementary School Teachers

Members of the Tokyo Metropolitan Elementary School Social Science Educational Study Group toured the Kawasaki Refinery (Kawasaki City, Kanagawa; Refinery Manager: Tomohide Miyata) of TonenGeneral Sekiyu K.K. (Head Office: Minato-ku, Tokyo; President: Jun Mutoh) on Monday, July 22.

Each year, the Petroleum Association of Japan invites elementary school social studies teachers from all over the country to an oil refinery to raise their understanding and awareness of petroleum and the oil industry as a whole.

This year, 38 elementary school teachers from the metropolitan area visited TonenGeneral's Kawasaki Refinery. After getting a briefing and watching a video, they took a bus to tour the facility, which features integrated petroleum refining and petrochemical operations.

The TonenGeneral Group believes that as a good corporate citizen, contributing to society while continuously working to maintain safety and health, protect the environment and respond to climate change issues is an important corporate responsibility.

About the TonenGeneral Group

The TonenGeneral Group comprises TonenGeneral Sekiyu K.K. and its related companies and subsidiaries including EMG Marketing Godo Kaisha and Tonen Chemical Corporation. Elements of the Group began operations in Japan in 1893. With an emphasis on safety and the environment, the Group's operations are involved in all aspects of the supply chain, from crude export, refining and production to distribution and sales. We will continue to provide a stable supply of energy as we strive to be an energy company that moves Japan into the future. TonenGeneral Sekiyu is listed on the first section of the Tokyo Stock Exchange. For more information, see our website at www.tonengeneral.co.jp
