ANTIRUST TERAMI LS-H was developed through many years of research, and its superior performance has been proven in a wide range of applications. ANTIRUST TERAMI LS-H is not sticky because petrolatum is not contained and excellent in the working efficiency.

● SPECIAL FEATURES

1. Excellent Rust Prevention

ANTIRUST TERAMI LS-H is compounded with carefully selected mineral oil and rust-preventive additives. After the solvent has evaporated, ANTIRUST TERAMI LS-H forms a thin and non-drying coating that provides excellent long-term protection from rust.

2. Low Risk of Fire

ANTIRUST TERAMI LS-H has a high flash point although it contains solvents. So it can be used with low risk of fire.

3. Good Removal

Film of ANTIRUST TERAMI LS-H is easily removed with a petroleum solvent or alkaline process cleaner.

4. Easy to Use

ANTIRUST TERAMI LS-H is not sticky because petrolatum is not contained and excellent in the working efficiency. Moreover, it is easy to pass through a filter. It is expected that quantity of application will be decreased.

● APPLICATIONS

For long-term rust prevention for various machine parts and precision machine parts.

COATING METHOD

Immersion, spraying, brushing

CONTAINERS

200-liter drums and 20-liter cans

| Hazard Statement: | Combustible liquid  
May be fatal if swallowed and enters airways |
| Precautionary Statements: |  
**Prevention**  
- Do not handle until all safety precautions have been read and understood.  
- Wear protective gloves/protective clothing/eye protection/face protection.  
- Do not allow the eyes to become exposed to the product. Do not swallow the product.  
- Keep away from heat/sparks/open flames/hot surfaces – No smoking.  
- Use explosion-proof electrical/ventilating/lighting/equipment.  
- Ground/bond container and receiving equipment.  
- Wash hands thoroughly after handling.  
- Do not eat, drink or smoke when using this product.  
---  
**Response**  
- IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.  
- IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.  
- If the eyes are exposed to the product: Rinse the eyes with plenty of running water and immediately contact a physician.  
- IF ON SKIN: Wash with plenty of soap and water.  
- Do NOT induce vomiting.  
- In case of fire: Use suitable extinguishing media for extinction.  
---  
**Storage**  
- The product must be stored in a cool, well-ventilated location where it will not be exposed to direct sunlight.  
- Containers that have been opened must be tightly sealed.  
- Store in a well ventilated place. Keep cool.  
- Store locked up.  
---  
**Disposal**  
- Dispose of contents/container in accordance with local/regional/national/international regulations.  
- If there are any doubts about proper methods of handling the product, contact the point of purchase before proceeding with usage. |
